AT MOCK LEGISLATURE

"Senators," "Representa-
tives" To Be Named for
Harrisburg Sessions

Preparations for the conduct of a
mock state legislature which have
been underway in Bristol and, in
fact, throughout Pennsylvania, are
now taking shape as members of
Hi-Y clubs peruse results of a
"Gallup poll" here and in countless
other communities, and prepare for
election of assemblymen and senators
to convene at Harrisburg in April.

The two-day session of the state
legislature is set for April 2nd and
3rd, with the body legislators being
housed at the Penn-Harris Hotel in
the capital city. Meanwhile the Hi-
Y members are busy with activities
incident thereto.

The first step in the project sponsored
by Hi-Y clubs in high schools
throughout Pennsylvania, was the
conducting of an opinion poll. The
poll took place throughout Pennsylvania
during the week of January
12-17. The conducting of the poll
forms a part of the youth and govern-
ment program of the Hi-Y, which
high school boys' club is conducted
by the Young Men's Christian As-
sociation. Its purpose is to "create,
maintain and extend throughout
the school and community high
standards of Christian character."

Club members throughout the
state are now using the results of
the poll in development of bills
which clubs are writing and for de-
bate when elected representatives
gather at the state capital in Har-
risburg to act upon the bills that
have been submitted.

A feature of the poll was that an
equal number of opinions from
adults and from youth were gathered
to discover whether youth and
adults agree or disagree on the
questions that are included in the
poll. The advice and assistance of
the American Institute of Public
Opinion, of which Dr. George H.

New Hope-Solebury Span Re-Opened to Public

NEW HOPE, Feb. 4—The bridge
spanning the Delaware River here,
and connecting New Hope and Lam-
bertville, N. J., is now open to traf-
fic. The bridge had been closed
since October 13th, due to repairs
being made.

Repairs included installation of
heavier beams, the placing of a new
grill floor and the strengthening of
the upper structure of the bridge.

There was no ceremony at the re-
opening. The barriers were simply
removed and traffic started across
the span.

Residents of this place as well as
Lambertville are elated because
traffic over the bridge has been
resumed. Residents desiring to get
to Lambertville found it necessary
to travel up the River road to Cen-
tre Bridge, cross the bridge at that
point and then proceed down the
River road on the New Jersey side.
People living in Lambertville trav-
eled the same route to get to this
borough.

While the repairs were in pro-
gress, Route 202 traffic was de-
touré at Lahaska over a route
which took it to the bridge at Cen-
tre Bridge and then across the river
to Stockton.

RESULTS OF HI-Y CLUB POLL HERE

Are Treacherous

SNOW COVERS ICE

Bucks Countians were treated to
another taste of real winter today,
after having experienced little else
during the past five or six weeks.
They are getting the first portion of
that additional six weeks of winter
which Mr. Groundhog predicted on
Monday.

Snow which started falling dur-
ing the early morning hours, piled

A SUMMARY OF THE NEWS

Citizens of the Irish Free State
are flocking to the polls today, in a
general election which may see the
ascendancy of a new political party.

A late report from Calcutta, in
eastern India, says that an earth-
quake shock of great intensity, cen-
tered 345 miles from the city was
recorded today at 10:49 a. m., which
is 11:48 p. m. EST, Tuesday.

At Lake Success, the UN's Se-
curity Council will make another
effort at breaking the deadlock
rapidly developing between India
and Pakistan over the Kashmir
Province dispute.

Seasoned diplomats at the United
Nations are saying today that Rus-
sia is preparing formal charges to
the effect that America is endang-
ering peace. These sources say that
the Soviet's four notes of protest re-
cently handed to the U. S. State De-
partment are the forerunners of an
all-out campaign against the United
States at Lake Success. Soviet del-
egate Andrei Gromyko, when asked
if such was the case, hurriedly de-
clared that he had no comment and
knew nothing.

A new drive was gotten under-
way in Congress to speed up action
on universal military training.

dustry official says that the nation-
al fuel shortage should be cleared

GERMAN WORKERS IN FOOD PROTEST

FOOD MINISTER Heinrich Stoss addresses workers of the Robert Bosch
factories in Stuttgart after they struck in protest against food shortages.
Some days later, more than 2,000,000 other Germans in the British-
American occupation zone quit work for 24 hours for the same reason.
Industrial life was brought to a standstill as the men demanded a fairer
distribution of supplies by German food officials. (International)

MOTORIST ASKS \$262 AS ACCIDENT RESULT

Claims His Car Was Parked
When Driver of Truck
Struck It

A LIBEL IN DIVORCE

DOYLESTOWN, Feb. 4—A Rich-
boro motorist is asking \$262 as the
outgrowth of an automobile acci-
dent, and a libel in divorce has
been entered in the Court of Com-
mon Pleas here.

Claiming damages of \$262 which
consist of a repair bill of \$233 and
a bill for transportation of \$29, Ed-
ward J. Rife, of Richboro, has named
Charles C. Harrison, Churchville
Lane, Northampton township, the
defendant in an action in trespass.

According to the statement of
the complainant, the accident hap-
pened October 25, 1947, when the
complainant's car was parked on
the Bustleton pike, in front of the
Bell Telephone Exchange building,
in Churchville, and the defendant's
truck crashed into it.

The complainant alleges that he
paid \$1 a day for 29 days for trans-
portation because he couldn't use
his car for that number of days.

Joseph A. Faber, of Gardenville,
has named his wife, Jane E. Faber,
557 Court B, Terrace Two, Bristol,
the respondent in a libel in divorce.
They were married March 29, 1917,
in Elkton, Md., and separated in
August, 1928.

Farmers Club Elects; Hear a Dairy Report

Having been postponed four
times, a meeting of Solebury Farm-
ers' Club was held in Trinity hall,
Solebury, Saturday evening.

The hosts and hostesses were Mr.
and Mrs. Frank Dursch and Mr. and
Mrs. Joseph E. Sandford. Seventy-
five attended.

Featuring the business session
following the supper were election
and installation of officers and the
reports of committee chairmen.

Outstanding among the reports
was that of the dairy committee by
Frank L. Magill, who made a com-
parison of his dairy feed bills of
1947 with those of the first month
of this year. Cottonseed meal in
1947 he said, cost \$4.55 per hun-
dred, and last month it cost him
\$5.40 a hundred. Bran increased in
price from \$2.80 to \$5.05. Gluten,
which last year sold for \$3.40 per
hundred is now selling for \$5.19.

Milk, said Mr. Magill, on the
whole sale market sells exactly for
what it did last year. Statistics, he
continued show there are less dairy
cows on farms than there have been
for many years. Beef prices, which
are high, are expected to remain
high, and many farmers are dis-
posing of their marginal cows.

Henry Hartmann, of the poultry
committee, said the same condition
exists in the cost of poultry feed.
He described Newcastle disease, a
new disease among poultry, and
explained there is no known cause
for it. The mortality among baby
chicks ranges from 85 to 99 per
cent.

Results of the election were as
follows: President, Frank L. Ma-
gill, who succeeded John Sutphin;
vice-president, Hubert T. Michener;
secretary, Mrs. Henry Hartmann;
treasurer, H. Welding Slack, and
executive committee, Mr. and Mrs.
Herbert Eberhardt, R. Moore Price
and Dr. Carl Brucker. Later in the
evening the officers were installed
by Mr. Sutphin.

Activities of Interest To All in The Various Communities

GLEANED BY SCRIBES

Emil Peiter, a well-known baker in Doylestown until his retirement from that business some years ago, died suddenly at his home on Friday, Feb. 27.

Mr. Peiter, who was born in Germany, the son of Adolf and Catharine Schwab, had lived in Doylestown for 40 years. He came to America in 1887.

He was a member of the Barger Lodge No. 325, F. & A. M., of Stroudsburg, and the Red Men's organization in Doylestown.

The survivors include the widow, Elsie A.; two daughters, Mrs. Helen McClellan, living at home, and Mrs. Fred Martin, of Doylestown; one brother living in Germany, and four grandchildren.

SNOW BRINGS ANOTHER TASTE OF WINTER

Mr. Groundhog's Prediction Coming True; Highways Are Treacherous

SNOW COVERS ICE

Bucks Countians were treated to another taste of real winter today, after having experienced little else during the past five or six weeks. They are getting the first portion of that additional six weeks of winter which Mr. Groundhog predicted on Monday.

Snow which started falling during the early morning hours, piled up 4 of an inch by eight a. m., and continued during the morning.

The weather forecast sent out this morning was "light snow to day, becoming mixed with rain to night." Thursday slowly rising temperature.

The mercury which went up to 33 degrees for three hours here yesterday afternoon, dropped down to 17 by five o'clock this morning. By eight a. m., it had gone up but one degree.

Travel was treacherous, both on highway and sidewalk, the new-

GERMAN WORKERS IN FOOD PROTEST

FOOD MINISTER Heinrich Stoss addresses workers of the Robert Bosch factories in Stuttgart after they struck in protest against food shortages. Some days later, more than 2,000,000 other Germans in the British-American occupation zone quit work for 24 hours for the same reason. Industrial life was brought to a standstill as the men demanded a fairer distribution of supplies by German food officials. (International)

MOTORIST ASKS \$262 AS ACCIDENT RESULT

Claims His Car Was Parked When Driver of Truck Struck It

A LIBEL IN DIVORCE

DOYLESTOWN, Feb. 4—A Richboro motorist is asking \$262 as the outgrowth of an automobile accident, and a libel in divorce has been entered in the Court of Common Pleas here.

Claiming damages of \$262 which consist of a repair bill of \$233 and a bill for transportation of \$29, Edward J. Rife, of Richboro, has named Charles C. Harbison, Churchville Lane, Northampton township, the defendant in an action in trespass.

According to the statement of the complainant, the accident happened October 25, 1947, when the complainant's car was parked on the Rustle Pike, in front of the Bell Telephone Exchange building, in Churchville, and the defendant's truck crashed into it.

The complainant alleges that he paid \$1 a day for 29 days for transportation because he couldn't use his car for that number of days.

Joseph A. Faber, of Gardenville, has named his wife, Jane E. Faber, 557 Court B, Terrace Two, Bristol, the respondent in a libel in divorce. They were married March 29, 1917, in Elkton, Md., and separated in August, 1928.

Farmers Club Elects; Hear a Dairy Report

Having been postponed four times, a meeting of Solebury Farmers' Club was held in Trinity hall, Solebury, Saturday evening.

The hosts and hostesses were Mr. and Mrs. Frank Dursch and Mr. and Mrs. Joseph E. Sanford. Seventy-five attended.

Featuring the business session following the supper were election and installation of officers and the reports of committee chairmen.

Outstanding among the reports was that of the dairy committee by Frank L. Magill, who made a comparison of his dairy feed bills of 1947 with those of the first month of this year. Cottonseed meal in 1947, he said, cost \$4.65 per hundred, and last month it cost him \$5.40 a hundred. Bran increased in price from \$2.80 to \$5.95. Gluten, which last year sold for \$3.49 per hundred is now selling for \$5.19.

Milk, said Mr. Magill, on the wholesale market sells exactly for what it did last year. Statistics, he continued, show there are less dairy cows on farms than there have been for many years. Beef prices, which are high, are expected to remain high, and many farmers are disposing of their marginal cows.

Henry Hartmann, of the poultry committee, said the same condition exists in the cost of poultry feed. He described Newcastle disease, a new disease among poultry, and explained there is no known cause for it. The mortality among baby chicks ranges from 85 to 90 per cent.

Results of the election were as follows: President, Frank L. Magill, who succeeded John Sutphin; Vice-president, Hubert T. Michener; Secretary, Mrs. Henry Hartmann; Treasurer, H. Welding Slack; and executive committee, Mr. and Mrs. Herbert Eberhardt, R. Moore Price and Dr. Carl Brucker. Later in the evening the officers were installed by Mr. Sutphin.

Bucks County Rescue Squad removed Mrs. Mary Johnson, Lafayette street, to Harriman Hospital, yesterday, she suffering a stroke; Cesare Trasotti, Wilson avenue, to Harriman Hospital; and baby "Billy" Bernard, Bristol Terrace II, to Nazareth Hospital, Philadelphia.

Mrs. Victor Kotunok, Mrs. Marshall Hottenson, Mrs. Richard Smith, Mrs. Carl Lindberg, and Mrs. Charles Kennedy assisted. Ruth received many gifts.

LEGION SEEKS NEW MEMBERS FOR POST

By-Laws Amended to Aid Reinstatement of Former Members

NAME COMMITTEES

At the last meeting of Robert W. Bracken Post, American Legion, a vote was taken as to whether or not the post should drop Article 4 Section 9 of the constitution and by-laws for the month of February, 1948. This by-law reads that any delinquent member must pay a \$2.50 reinstatement fee plus the regular \$5.00 entrance fee which includes the first year's dues.

Therefore any previous member who has dropped out of the Legion because of non-payment of dues can now take advantage of this opportunity to reinstate regardless of how far they are in arrears with their dues.

The membership drive committee has been set up by districts or wards as follows:

56 ALARMS ANSWERED BY EDGELY FIREMEN

Headley Manor Fire Co. Members Hear Report On Alarms for '47

READY A NEW SYSTEM

EDGELY, Feb. 4—At the monthly meeting of Headley Manor Fire Co., Chief Fred Hibbs, Sr., presented his report covering alarms answered during the past year.

Chief Hibbs' report showed that a total of 56 calls were received, with eight being out of the fire company's area.

Fire calls in the area consisted of: Seven houses; one barn; two automobiles; one electric refrigerator; one garage; two chimneys; three dumps; 30 field fires; one stove explosion, resulting in an overall damage of approximately \$8,000.

In addition to the above, the following calls were responded to out of town: two house fires; 2 barn fires, and four drowning cases.

Chief Hibbs complimented members on their excellent response to alarms. He also brought to the company's attention that the proposed new alarm system and phone hook-up has been agreed upon, and the installation of this will be completed in the near future.

WORLD DAY OF PRAYER

First Observed in '27

The World Day of Prayer for Missions, to be observed in the Bristol area on the first Friday of Lent, Feb. 12th, first became a universal observance in 1927. Previous to that time, as far back as 1896, women of a number of denominations in local churches in America organized for the needy of our own and other lands.

The committee planning the service in First Baptist Church states: "In 1895 seven daring Methodist women braved a stormy March day to gather in the Tremont Street Church, Boston, Mass., to organize a society with the slogan 'Two Cents a Week and a Prayer.' In November of the same year these women sent the first teacher, Isabella Thoburn, and the first woman physician, Dr. Clara Swain, to their sisters in India, on the other side of the world.

"In 1887, the Woman's Board of Home Missions of the Presbyterian Church, through its president, who knew the power of united prayer, sent out a call to the women of every Presbyterian church to pray on a certain date, together, for the church's work in this country. In 1890, two strong Baptist leaders, Mrs. H. H. Peabody and Mrs. Helen Montgomery, named a day for united prayer for missions.

"In 1919, women workers for home and foreign missions came together and united their prayer for all missions. In 1929 the women of Canada joined the women of America, dedicating the first Friday in Lent, as the Day of Prayer for Missions. The offering in 1923, from all of the participating services amounted to \$70, all unsolicited. In 1947 the amount was \$144,000.

"The United Council of Church Women who sponsor these meetings accepted the responsibility for this Day from the Home Missions Council and the Foreign Missions Conference, participating in work among migrants and sharecroppers, Indians in government schools, Christian colleges, and providing Christian literature to the illiterate. These are fields not covered by denominational missionaries, and are a challenge to Christian men and women everywhere."

A FOOLISH JUDGE

A Memphis judge rules against
the laws of nature and the inevit-
able by declaring a crying child is
a nuisance. He doesn't reveal,
however, what he is going to do
about it.

If the august judge thinks
slapping a \$10 fine on the parents
will stop a child from crying, he
had better go soak his head. A
crying child cares about as much
about a fine slapped on his parents
as he does for such bait as candy,
the cat or a dangled toy when he
wants to cry.

The fine sport of squaring off
the mouth and yelling at the top
of the voice is an athletic activity
indulged in by children with free
abandon and they are not going
to be deterred by any court de-
cision.

Now and then one encounters
one of those parents who can
smile complacently and let junior
cry until he is black in the face.
But generally speaking, a child is
pretty much of a chore to a par-
ent. Nobody likes to walk the
floor with a howling baby, and
the punishment a child can deal
is more effective than any a court
can conjure up.

The court might bring the gavel
down and rule a crying child is a
nuisance, but what everybody
wants to know is how that is going
to stop the crying. When the
judge hands that solution down he
will be entitled to reverence and
to a seat among the mighty. Until
then he is just another judge sit-
ting on the bench.

AVIATION PIONEER

That man has been able to fly
for comparatively few years is
brought vividly to mind by the
death of Orville Wright at the age
of 76. Orville and his brother
Wilbur are popularly credited
with having made the first suc-
cessful flight at Kitty Hawk, N.
C., in 1903, when Orville stayed
aloft briefly in a crude motor-
powered contraption.

Wilbur Wright died in 1912,
but Orville continued his interest
in the advancement of aviation
for 36 years longer. That the in-
vention he helped to create was
turned into a Frankenstein in two
world wars was something he
could not foresee when he sailed
over the North Carolina sand
dunes. But it would be just as
logical to say that gasoline or
electricity are monsters that
threaten to destroy mankind, be-
cause without either modern wars
would be impossible.

Orville Wright lived to see the
globe girdled by scheduled flights.
People now fly across the Atlantic
in a day, across the continent
from the Atlantic to the Pacific
in a night. It was largely because
the Wright brothers pioneered in
aviation that the United States to-
day leads the world in aéro-
nautical development.

Scientists say man will live to
be 100 and the last 25 years will
be the best. Now is the time to
start a rocking chair factory.

Make Public the Results Of Poll Taken in Bristol

Continued from Page One
Gallup is director, was used in set-
ting up the poll.

Some of the answers to the ques-
tions put to residents of the vari-
ous communities will no doubt be
the basis for some of the bills
which the boys will draft. In some
other states, bills passed in the
mock sessions of the legislature,
have been followed by legislators,
and eventually become law. One
case in point is in New York state
where there is now required pre-
marital examinations. This was one
of the bills drafted and passed by
the boy legislators of that state.
The real bill carries the signature
of the youth governor as well as
the governor of the empire state.

The laws suggested by Hi-Y
members here will be submitted to
Telford F. Eppley, South East Dis-
trict Executive, Pennsylvania State
Y. M. C. A., then presented to the
legislative assembly at Norristown
court house on February 25th. At
that time two representatives from
each Hi-Y club in this district will
be in attendance. From that body
will be elected 15 members of the
House of Representatives, five sen-
ators, and the sergeant-at-arms of
the House. The 16 districts in the
state will follow this procedure,
each being assigned a certain num-
ber of senators and representatives,
also officers.

Those elected will meet in Har-
risburg on April 2nd and 3rd, be-
ing sworn in at the capital. They
will follow the same procedure of
setting up the legislature as the
real legislature does. A boy gov-
ernor (to be chosen from the central
west district of the state), will
address the session, following an ad-
dress by Pennsylvania's governor,
the Hon. James H. Duff. The legis-
lative body will then go into ses-
sion, committee work will be as-
signed; bills will be submitted from
the 16 districts and considered; they
will be passed or rejected, and some
may possibly be vetoed by the boy
governor.

A banquet and dance are sched-
uled for the evening of April 2nd.
As a preliminary step to this
youth project, 48 Hi-Y advisors and
YMCA secretaries met in Harris-
burg in November to discuss plans
for the Youth and Government pro-
gram and to receive special instruc-
tion. Edwin Moore, House parlia-
mentarian, who presented a com-
plete outline on matters of organi-
zation at that time stated, "I am in-
terested in this Hi-Y Youth and
Government Program because it
teaches young people by actual par-
ticipation just what government
means."

Champion Bricklayer

SAMUEL B. PETTENGILL
"The Gentleman from
Indiana"

Who is the world's champion
bricklayer? How many bricks can
he lay in a day? (The American
"featherbed" limit is around 500 to
600). Well, world's champion Fedor
Shavlyugin, of Russia, laid 19,000
bricks in eight hours, and with two
apprentices 31,692!

This is on the authority of the
USSR Information Bulletin issued
from the Soviet Embassy in Wash-
ington. If these figures can be be-
lieved, this was, no doubt, a propa-
ganda "stunt" performance. But the
daily Russian quota, per man, of
2,150 bricks is far ahead of our own.
All through the Soviet economy, the
emphasis is on piece-work pay.
Workers are paid for what they do
rather than for the number of hours
they put in.

The same bulletin says that the
income of the collective farm is dis-
tributed according to a system of
"work days"—which are not so
much a measure of time, but a yard-
stick of the quantity and quality of
the work done. Consequently, the
more labor the collective farmer ex-
pends, and the higher its quality,
the greater is his income. But the
pay is not on individual performance
alone; it is also based on the out-
put of the entire collective. "It
is, therefore, to the interest (note
that word "interest"—the old profit
motive, by cracker!) of the collective
farmer not only that he work better,
but that all others also work well,
for the labor of each increases the
wealth of the collective farm and
thus insures high earnings to the
collective farmers." They share in
the profits. This system brings the
lazy under the close scrutiny of the
diligent.

There is no such thing as "com-
munism" in Russia. That broke
down years ago. The Soviet system
has gone in for incentives to a re-
markable degree.

There is no individual ownership
of land or the tools of production,
but the reward does go with the
work. "Proletarian millionaires" are
honored and pointed to with pride.
It is said that the differential be-
tween the rewards of the skilled
and unskilled is greater in Russia
than in America.

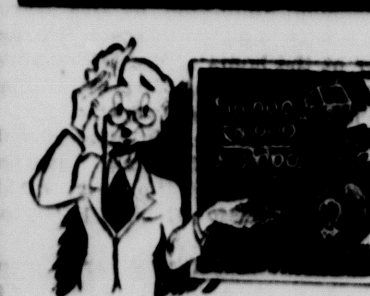

On the farm, the peasant is paid
not only in cash (rubles), but in a
share of the crops as a reward for
production in excess of the estab-
lished quota. "In addition," the
Bulletin says, "every collective
farmer has his own private farm
(private ownership) with a kitchen,
garden, an orchard, a cow, poultry,
bees, etc. from which he also
derives a certain income." (Again,
the "profit motive" so much de-
spised by certain American intel-
lectuals and humanitarians.)

No doubt this Bulletin must be
discounted just as we discount ad-
vertisements of mosquito-less sum-
mer resorts, or sure cures for bald
headed men. But there can be no
doubt that Russia has gone in heav-
ily for incentives. In this one re-
spect, Russia has copied the Ameri-
can economic system. We have in-
centive systems—base pay, plus an
additional reward for extra per-
formance. Some have shown ex-
traordinary, almost undreamed of
results. For example, the Lincoln
Electric Company in Cleveland,
Ohio. The incentive system runs

Brazil Nuts Give Aura to Angel Cake

WANT a dessert that is light and
airy and a joy to the sweet
tooth? Then try Angel Cake. It
gets. This elaborate looking dessert
is simply made. Pieces of angel cake
are dipped in a thin vanilla or choc-
olate icing and then rolled in ground
Brazil nuts. The rich creamy Brazil
nuts add sundae trimmings to a
plain cake. Directions are as fol-
lows:

Brazil Nut Angel Nuggets
1 cup angel cake 1/2 cup ground
Brazil nuts
2 cups confectioner's sugar 1/2 cup ground
vanilla 1/2 cup ground
Brazil nuts
1/4 cup chocolate

Break angel cake into pieces
about 1 1/2 inches in diameter. Put
sugar and salt in mixing bowl, add
milk and flavoring and beat until
smooth. The mixture will be thin.
Dip 1/2 of the cake pieces into the
frosting, scraping off the excess.
Roll in Brazil nuts. Melt the choc-
olate over hot water, cool. Gradually
add to the remaining frosting. Dip
the remaining pieces of un-
frosted cake into the chocolate
frosting and roll in Brazil nuts. If
frosting becomes too stiff add ad-
ditional milk. Place on waxed paper
to harden. YIELD: 16 nuggets

all through American agriculture,
although it operates differently.
Here, under individual ownership
the hard-working, intelligent farm-
er makes more than the lazy and
ignorant.

As against this glowing picture
of Russian rewards for high per-
formance must be put the ruthless
confiscation of a large part of those
rewards last month when the Mas-
ters of the Kremlin took from the
worker and peasant 90% of his
cash, two-thirds of his government
bonds and one-half of his bank de-
posits. That is the other side of this
brutal police state.

However, it is high time for us
Americans to rid our minds of the
nonsense that Russia has a com-
munist system. It is really State
Capitalism, which rewards work
and penalizes loafing, often with
merciless punishment.

Both Outside and inside this efficiently planned country home is decidedly unusual in appearance and character. California redwood

makes the exterior siding, chosen for its durability and fine weathering qualities. The interior plan is distinguished for its flexibility.

COUNTRY COTTAGE

By MARION CLYDE MCCARROLL

A country cottage of a very sophisticated type is the interesting home pictured above, which has many unusually convenient and attractive features to appeal to the home-owner.

Rather novel for the Eastern section of the United States, where this house was built, was the choice of California redwood for the exterior siding, durability, and the fine weathering qualities of this wood, were the reasons for its selection.

Inside, the floor plans of both downstairs and upstairs were designed with flexibility predominantly in mind.

For example, while one end of the living room has been set apart for dining purposes—an arrangement that grows increasingly popular all the time in new home building—the dining area can be completely screened off at will, in such a way as to make both it and the living room entirely separate units. A first

floor study has been given its own bath, so that, when desired, this unit can be used as a guest room. Few homes can boast as happy privacy for guest and family alike, when company comes!

On the second floor, two rooms for the children occupy a wing of their own, with bath opening off the hall convenient to both rooms. A movable partition is used instead of a wall to separate the rooms, so that it can be opened to create a single large room for play purposes. The master bedroom, with its own bath is situated on the opposite side of the stairway from the children's wing, with the entrance to the sun deck immediately accessible.

Wardrobes, cabinets and the like were built in throughout the house, in the interest of space conservation, and easier housecleaning. All in all, this charmingly efficient residence is one to delight the heart of any home-maker.

reasons and Lt. Gen. Leonard T. Gerow, Second Army commander, is no exception. . . . But like most officers, he is alert to political trends.

He said Universal Military Training in his opinion, was necessary to the nation's welfare but reminded reporters that he "understood" 1948 was not a "good" year to win Congressional approval. . . . He meant that Congress may be reluctant to act on the proposal because 1948 is an election year.

MANY NEW TEXTILE TERMS HAVE COME INTO USE RECENTLY

By Flora-May Sagui
(Home Economics Representative)

Many new terms have appeared on garment and fabric labels since homemakers have been asking for more information about the quality of the clothes they are buying.

Homemakers who are not certain of the exact meanings of these new terms should try to become familiar with them. For instance if a coat or jacket is labeled "Water repellent," a finish has been applied to keep the fabric from absorbing moisture readily. This finish is not guaranteed to be waterproof. None of the water repellent finishes on the market today are guaranteed to last through more than a few washings or dry cleanings. Many cleaners will renew this finish after cleaning a garment if requested to do so.

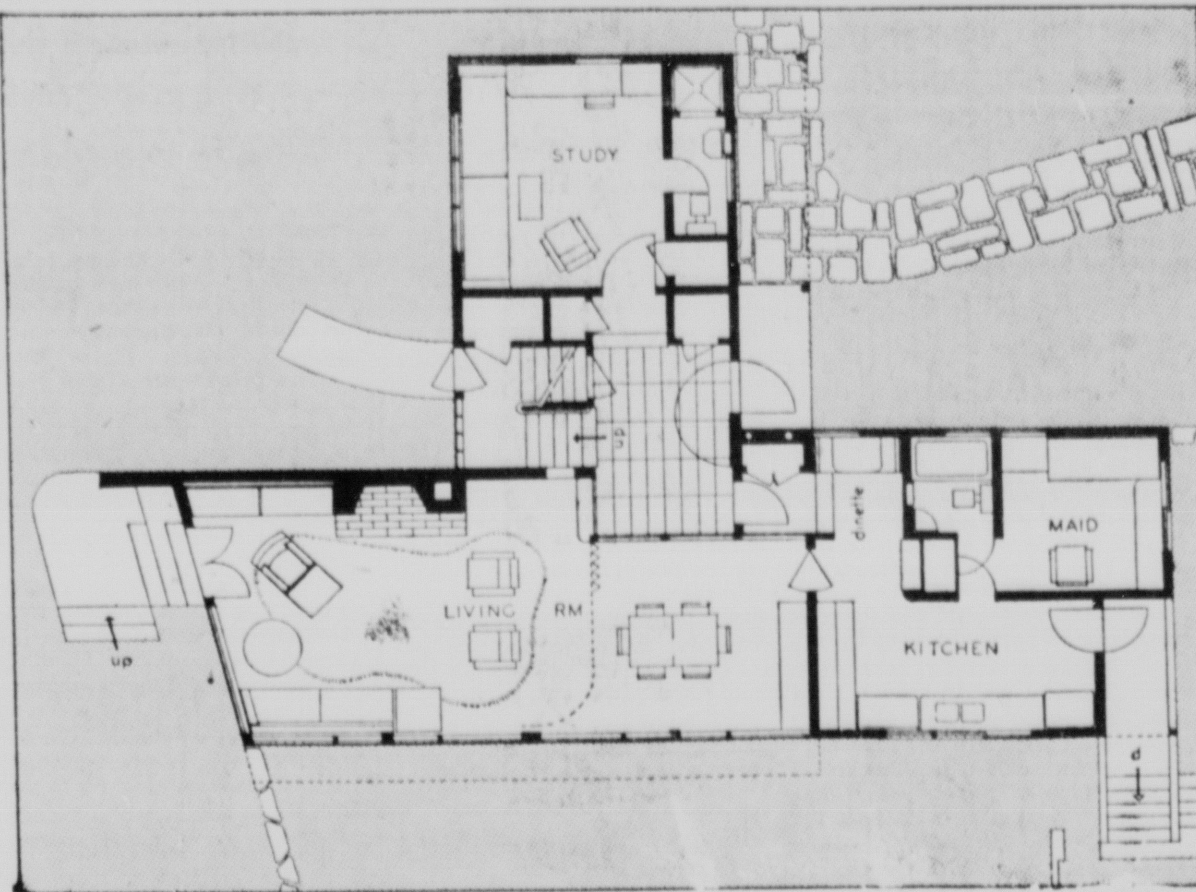

"Vat dyed" is a term homemakers will find often, usually on cottons. It means that the color will remain in the fabric as long as the fabric lasts. Vat dyes are the most nearly fast dyes used. However, a vat dyed fabric should not be abused, any more than a fabric containing a less permanent dye.

The valuable term "Sanforized" which guarantees shrinkage control in cottons, has a new companion term, "Sanforset" applied to rayons. "Sanforset" is a method of shrinkage control for rayon and rayon mixtures containing up to 50 per cent viscose rayon.

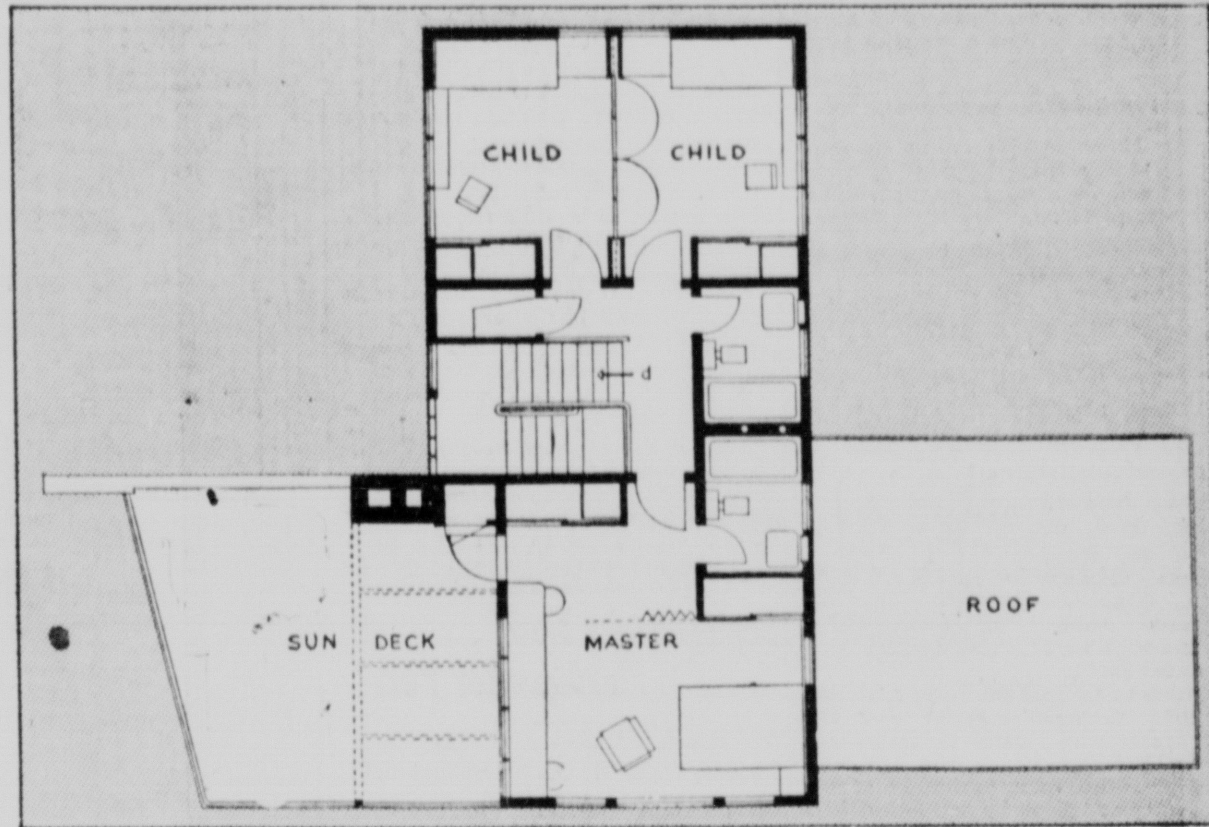

Milk has stepped into the textile world in a fabric called "Aralac." Made from the casein of milk, this fabric has some of the characteristics of wool and is usually blended with cotton, wool, or rayon.

Russian Dressing

To one cup of mayonnaise, add 3 teaspoons of chili sauce, 1 teaspoon of finely chopped pimento and green peppers, and 1 teaspoon of chopped chives.

Two Outstanding Features of the first floor plan are the study with its own bath that can double as a completely private guestroom, and the fact that the dining area can be screened off to form a unit by itself.

On the Second Floor, the stairway makes a natural division between master bedroom and bath and children's rooms and their bath. A movable partition separates the latter, opens to create one large playroom.

A Digest of Things Political Occurring At Harrisburg

By International News Service

HARRISBURG, Feb. 4 (INS)—Franklin H. Lichtenwalter of the Eighth (Bucks-Lehigh) District faces another round of campaigning this year to hold the seat he won in a bitter political fight in September, 1947. . . . The 37-year-old former Speaker of the State House of Representatives expects to find the second contest comparatively smooth sailing. . . . He won the special election on the Republican ticket with an easy 17,000-vote margin only after warding off a heavy labor attack spearheaded by his CIO-endorsed opponent, Philip Storch, an Allentown newspaperman. . . . The battle was fought on the Taft-Hartley Act. . . . It is not believed Storch will run again. Democrats have not discussed officially a candidate for the Congressional post, but some of them would like to pin their label on Norton Lichtenwalter, of Allentown, Democrat, who served the same district during the 72nd Congress about 16 years ago. . . . A one-time furniture store operator, the 58-year-old Lichtenwalter obtained a job with the Federal Government at the end of his term. . . . He gave up the post a year ago and returned to Allentown. Some news men covering the Governor's office have wondered whether beards and mustaches were prerequisites for politicians aspiring to be Governor. . . . Gov. Andrew G. Curtin (1861-67), started the hirsute parade of Governors which ended with Gov. Edwin S. Stuart (1907-11). . . . Clean-shaven chief executives were the political fashion until Gifford Pinchot took office in 1923 for his first four-year term. . . . The oft-called "Old Scout" sported a flowing mustache.

A trial balloon has been sent up in the Governor's office concerning historical essay contests in each of Pennsylvania's 67 counties. . . .

The proposal advanced to Governor Duff pointed out that each county had some historical site which should spark the competitive interest of high school students sufficiently. . . . The Governor's immediate reaction was good; it reflected his personal interest in Pennsylvania's historical shrines. . . . Nothing was discussed in the way of prizes, but some system of awards probably would emerge should the project crystallize.

The 138th Regular Session of the General Assembly will convene January 4, 1949, at the State Capitol for what promises to be one of the most difficult post-war meetings in the Commonwealth's long history.

Complex problems of government, which has expanded over the years, have added to the Legislative burden each session. . . . The next will be no exception. . . . School teachers' salaries, a sales tax and re-enactment of the emergency taxes—some dating back 12 years—will be high on the Assembly agenda. . . . The Veterans Half-Billion Dollar Bonus Bill, in reality a Constitutional Amendment already approved by one Assembly as required by the Constitution, probably will receive its second and final Legislative approval. . . . The matter then goes before the electorate. . . . To date, there have been no signs that the bonus proposal would be defeated as it was in Vermont.

The best way we know to offset higher gasoline prices is to drive a Kaiser or a Frazer. Their 100% postwar engineering provides economy beyond your fondest expectations! This boon to the thrift-minded is especially astonishing to people who previously owned prewar cars. They report that Kaisers and Frazers are giving them many more miles per gallon than they ever got before! And today that means a saving of not just cents, but dollars!

The reasons for such exceptional mileage are clear-cut. K-F chassis design is new. It takes every advantage of the accelerated technical advances made during the war years. For example, the horsepower-to-weight ratio is notably higher than in prewar design. The same is true of the compression ratio—the highest in any car on the road! And this means the most efficient use of costly fuel!

Vital and important as it is, greater economy is only one of the many advantages of fully postwar design you will find in the Kaiser and the Frazer. Come in and let us give you a demonstration. Discover all the exclusive new features you should not be without in your next car! You'll be glad!

READ WHAT TYPICAL K-F OWNERS SAY ABOUT ECONOMY

"Our new Kaiser has the more-expensive-car performance and styling and the less-expensive-car economy."—From a Hamilton, Ohio, Engineer.

"I just finished a 4,000-mile trip in my Frazer averaging above 20 miles per gallon at between 60 and 70 miles per hour."—From a Laurel, Md., Businessman.

"My Kaiser has performed beautifully in the mountains. On exact test it delivers over 18 miles per gallon on mountain driving."—From a Greensburg, Pa., Manufacturer.

"I now have 13,024 miles on my Frazer. I have the nicest riding car I ever owned and as for economy—well, I get as high as 25 miles to the gallon with the over-drive!"—From an Ida Grove, Ia., Real Estate Man.

"Just returned from a 3,000-mile trip in my Kaiser and believe that for ease of operation, brilliant performance and riding comfort, it has no equal. I get 19 miles per gallon."—From a Hammond, Ind., Businessman.

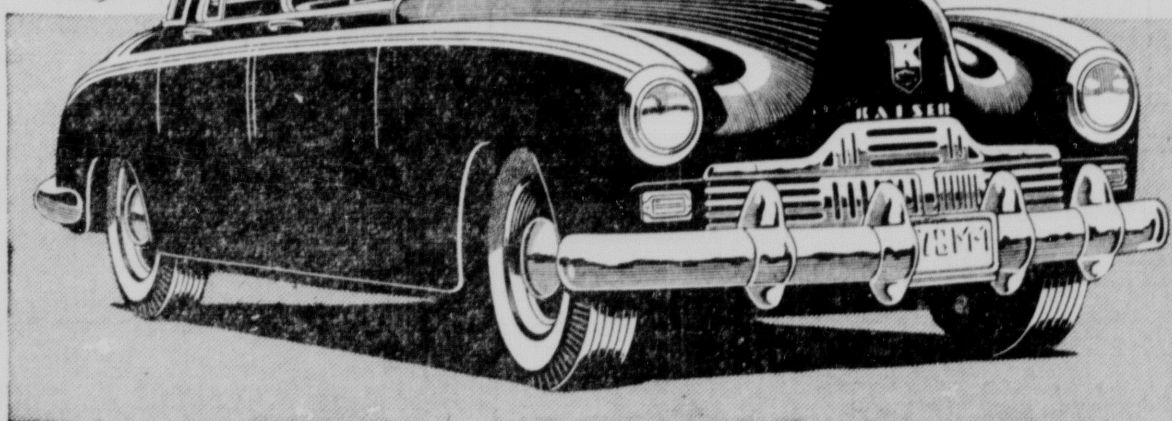

"On a 4-day, 1212-mile trip around Lake Michigan, we averaged 18 1/4 miles to the gallon. . . . our new Kaiser is economical to operate and performs beautifully."—From a Chicago Office Worker.

"My Frazer is the finest car I could have bought at any price. The easy, comfortable ride—at any speed—is in my opinion the outstanding feature. Economy and performance are unbelievable. I get 19 miles per gallon with speeds up to 70 m.p.h."—From a Brookville, Pa., Insurance Executive.

"Everybody knows the Kaiser is economical. No matter what speed you travel it still does 24 miles per gallon on the highways."—From a Winnipeg, Man., Funeral Director.

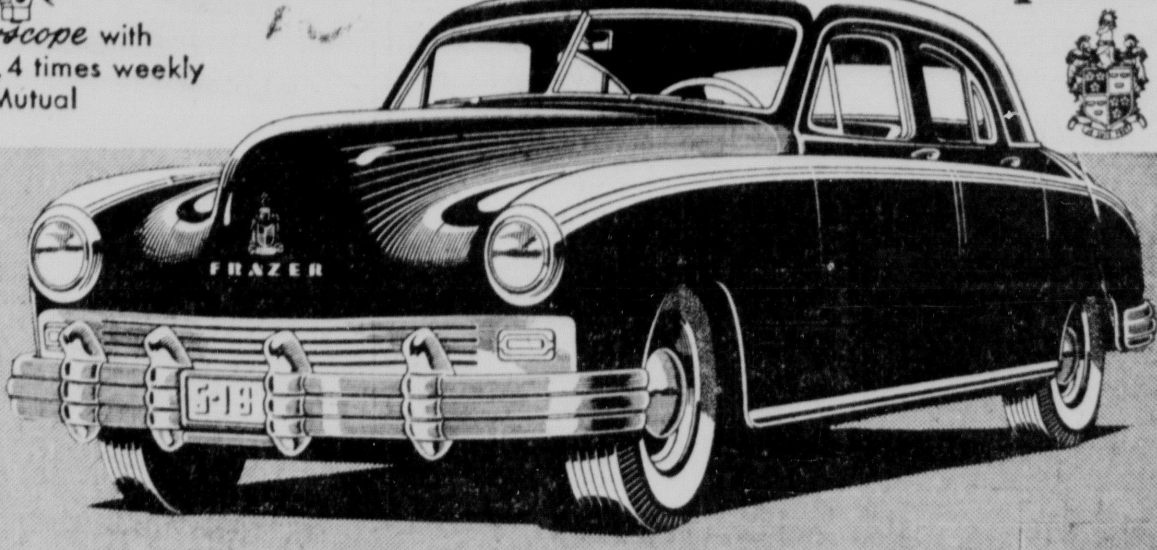

"On a recent 2,780-mile trip through Canada I averaged 26.6 miles to the gallon. I have owned and operated many different makes of cars but never until I bought my Frazer have I owned a car that was so economical."—From a Cranston, R. I., Physician.

Two Outstanding Features of the first floor plan are the study with its own bath that can double as a completely private guestroom, and the fact that the dining area can be screened off to form a unit by itself.

RECIPES

Baked Fish Creole & Sauce
1 fish weighing 4 lbs. when dressed
Oil
Salt, pepper
1/2 cup tomato juice
1 tablespoon finely chopped onion
1 cup creole sauce (recipe below)
Wipe fish with damp cloth. Rub with oil, and season. Place fish in greased baking pan. Add tomato, juice and sprinkle onion over the fish. Place in a moderate oven of 350 degrees and bake about 40 minutes, basting occasionally. Remove from oven, pour 1 cup hot creole sauce over fish, sprinkle top with buttered crumbs, and dot with butter. Place in oven until brown.

For Sauce—Simmer together 1 1/2 cups canned tomatoes, 1 green pepper, thinly sliced, 1 medium onion, thinly sliced, and 1/2 cup mushrooms, thinly sliced, about 10 minutes. In a separate saucepan, melt 1 tablespoon butter or margarine and gradually add 1 tablespoon flour, cooking and stirring over low heat until well blended. Dissolve 1 beef bouillon cube in hot water and stir into the blended flour and fat. When thoroughly mixed, add to the first mixture and cook 2 minutes longer.

On the Second Floor, the stairway makes a natural division between master bedroom and bath and children's rooms and their bath. A movable partition separates the latter, opens to create one large playroom.

State and township highway departments were early today keeping careful check on the snow fall so that if it became necessary they would be prepared to mobilize crews and equipment.

Weather forecast February 4 through February 8, issued by the U. S. Weather Bureau at Harrisburg: Eastern Pennsylvania and New York—temperatures will average about four degrees below normal for the season. Colder today, warmer tomorrow and early Friday. Colder over week-end. Snow tomorrow and in the southern mountains late today. Snow flurries in northern mountains Friday and Sunday. Total precipitation about one-half an inch in the south and one-quarter inch in the north.

State Fuel Coordinators awaited today reaction to their request to giant oil refineries in the Philadelphia area to restrict output of gasoline in order to alleviate the current fuel oil shortage.

Brig. Gen. Brenton G. Wallace, coordinator, urged reduction in gasoline output at a conference with members of the Oil Advisory Committee.

Wallace also disclosed that Gov. James H. Duff has approved the loan of 630,000 gallons of No. 2 fuel oil for homes and of 420,000 gallons of Bunker C oil, for industry, from the Navy Department.

The oil will be brought, probably by Saturday, by tanker and barge from the Navy's Carney Island Fuel Depot at Norfolk, Va. It is consigned to the Commonwealth and must be repaid "in kind" before June 30.

sort capitulate "in the name of the Great Jehovah and the Continental Congress!" (according to legend).

A ringing and impressive phrase, but a contemporary reviewer claims that what Allen actually said—or roared—was: "Open up there, you—*cough*, or we'll—*cough*! This censored revelation is certainly more realistic and less bombastic than the usual American hero. Would we had more of his kind now.

QUOTED DEFINITIONS

If office-holders to relatives show favoritism. As against other folks, it is called **NEPOTISM**.

Some people, in climbing to a social pinnacle, regard their good manners, as too nice or **FINICAL**.

MEN OF MERIT

He is known as Rear Admiral Richard B. Byrd, U. S. N., Ret., the "Ret." meaning retired. Some how that word does not seem to fit this fine sailor, skilled flier, intrepid explorer and discoverer who flew over both poles in 1926 and only a year ago completed the fifth of his polar expeditions when he explored Antarctica. His discoveries include five new mountain ranges, five islands and hundreds of thousands of miles of territory, and he has given priceless knowledge to scientists. Most of this was done when he could have rested on his many past laurels. Only a courageous spirit, only a man of merit, could achieve such a record.

Ice will continue to have slippery qualities this winter. Keep part of your mind on your feet while walking. Bone fractures are awfully annoying.

SLIMP AID
Pills, dope, drugs and barbitals—this no one; I've tried them all. This I found; they're all much the same.

It is claimed that the crabs, glutamate, acid, will increase intelligence. What a field of prospects may be found among today's car drivers!

The horseshoe crab has remained unchanged throughout evolutionary history. Before you make any slighting comment, review Roman political history and compare it with the contemporary picture.

It is far better to be "burned up" with indignation because a stove fire is slow getting started than to be literally burned up through priming the fuel with kerosene or any chemical of the sort.

SALESMEN
Does your present connection offer you the opportunities and security you need for the future? We are a AAA National Organization and have been in the weather-proofing business exclusively for over 50 years.

We manufacture, sell and install through our own factory branches. Last year we had 35 branches, this year 40.

We do not sell through distributors or dealers. This is one reason our prices are attractive.

Frankly, we need men who are willing to assume responsibility and can grow with our organization. Our program for 1948 is outstanding and will be backed by the largest advertising program locally and nationally that we have ever attempted. Our commissions are large and we will pay you a liberal drawing account.

Apply by letter, phone or in person to Mr. G. C. Stevens, Chamberlain Co. of America, 2923 Haverford Ave., Phila. 4, Pa.

Today's Quiet Moment

By the Rev. Vernon M. Murray, Jr., Pastor
Wilkinson Memorial Methodist Church, Croydon

Our Heavenly Father, today we commemorate a day of fasting and prayer—the beginning of the Lenten season. Help us to fast and pray this day to the end that men and women everywhere may see the Christ of the cross and accept Him as their own personal Lord and Saviour. We pray that Thou wilt help all of us to be living examples of the Gospel that we might bear witness to others of what Jesus can do for them. In Jesus' name we pray. Amen.

ents. Mr. and Mrs. Angus Gillies, East Circle.

On Sunday, Mr. and Mrs. William Gillies, East Circle, visited Mrs. Gillies' parents, Mr. and Mrs. Richard Zwicker, Philadelphia.

Henry Elmer, Y. 3 S. S., spent the week-end at the home of his parents, Mr. and Mrs. Henry Elmer, Garden street, and has returned to U. S. Naval Submarine Base, New London, Conn., where he is stationed.

Harry G. Zack, Hayes street, Harold DenBleyker, Emile, and Fred Hussman, New Jersey, left on Monday for two weeks vacation trip by motor to Florida.

BENSALEM HIGH DEFEAT ST. FRANCIS BY SCORE 42 TO 41

CORNWELLS HEIGHTS, Feb. 4.—The Bensalem Owls turned the tables on the St. Francis Vocational School team last night as they nosed out the Eddington boys, 42-41. In one of the best games played here this season.

In their last meeting two weeks ago, St. Francis walloped the Owls but since then, Coach "Johnny" Slaven has revised his notion of playing and his quintet appeared to be a different ball club last night.

Although they seemed unnecessary at the time, it was a double-fool conversion by Quentin Bristow which gave the Owls the victory. St. Francis was ahead, 39-38, when Al Samero scored for the Bensalem team to give them a 40-39 edge. Bristow was fouled and he converted both shots to make the count 42-39, and just before the finish of the contest, "Lou" Mastelli slit the net for a twin-pointer to put the Vocational School team one point behind.

Jack Padbury and "Ed" Oliver were high for the winners with 12 and 10 points, respectively. "Bill" Jackson and Dougherty were top men for the losing team with 12 and 17 points, respectively.

The Junior Varsity tilt between the two schools went to St. Francis by the one-sided count of 49-31. St. Francis had a 25-13 lead at the half-time mark.

"Bill" Butz was high for Bensalem, having 9 points. "Lou" Mastelli and "Mickey" Celestino scored 27 of the St. Francis points.

ESTABLISH RULES FOR BOWLING EVENTS

Rules for borough championship bowling trophies have been established by the tournament committee. The tournament is to be on a yearly competitive basis. Each trophy must be won three times to gain permanent possession and remove from competition. All trophies may be retained by each winner only until the next following borough Association Championships tournament.

Borough Council president, Charles G. Rathke, has agreed to act as the master of ceremonies at the presentation of prize trophies to the winners in March.

Prize and souvenir chairman, Samuel Shire, reports that five trophies have been decided upon plus individual souvenirs. Souvenirs are to be awarded individual winning members, and those in runner-up positions, also for individual outstanding performances during tournament, and are for permanent possession—keepsakes of the borough's first event.

At the next meeting of the Prize Souvenir Committee some method shall be devised as to how the selection of the prize trophy donors will be decided. The list of donors will then be made public. The tournament committee wishes to express their gratitude and appreciation to those who have already offered to donate the trophies. Tournament manager requests those desiring information concerning trophies to contact chairman Samuel Shire.

Tournament manager, Warren Jennings, reports active interest is being shown from all bowling leagues and entries are now being received and filed. For those teams not yet having received their official ABC team membership cards please contact City Association Secretary Delbert Lynn, who is obtaining the necessary quantity. This will enable those team applications now being withheld to file their tournament entries.

ST. ANN'S A. A. TO PLAY ROHM & HAAS FIVE HERE TONIGHT

Still clinging to a hope of getting in the playoffs, the St. Ann's A. A. courtsters meet the Rohm & Haas quintet tonight in a Bristol Basketball League game on the Maple Beach club-house floor. Falls Alumni will play the Hibernians in the second game of the night. First game gets under way at 7:30 o'clock.

The "Saints" must practically win all their remaining games to get in a playoff post. The first five teams will see action in the playoffs and at the present time, St. Ann's is in sixth position, two games away from the Knights of Columbus and Hibernians teams. All teams in the loop have at least four more games to play.

It is most likely that "Howie" Keyes, "Reds" Feole, "Toby" Oriola, "Sugar" Sallustio, and "Moe" Caucci will be the starting St. Ann's quintet, while the league leaders depend on "Chuck" Klein, "Angie" Everitt, "Ed" Mazzanti, "Bill" McConnell, and "Bob" Anderson.

The last meeting between Falls Alumni and the Hibs was a thrilling affair although slightly rough. Falls is in seventh position while the Hibs are fighting to remain in fifth spot.

Manager "Bill" Lovett, of the Alumni, will have Monti Parr, Anderson, White, and Duerr in his starting quintet while the Hibs use McGerr, Rodgers, Donnelly, McDevitt, and Elmer in their starting lineup.

Friday night, the playing will take place on the high school floor with the Croydon Vets meeting the Knights of Columbus, and Fifth Ward playing the Profy team.

JR. VARSITY SCORES 9TH STRAIGHT WIN

TRENTON, Feb. 4.—Coach Harold McClister's Bristol High Junior Varsity tabbed its ninth straight win last night, conquering the Fallington J. V. team, 48-22, on the Parker School floor.

The Bristol Jayvees had the lead from the opening whistle and racked up a total of 21 field goals, seven of which were made by Konefal.

The Warriors' Junior Varsity team has not beaten since Trenton Catholic did the trick on January 6th.

Soon after his inauguration on January 21, 1947, Governor James H. Duff called Charles A. French, Pennsylvania's Commissioner of Fisheries to his Office to discuss with him the status of warm water fishing in the state. An ardent fisherman himself, the Governor is particularly interested in the opportunities being provided for the pan-fish fisherman—"this is not a matter of what we have been doing in the past nor what we propose to do in the future but, what we are doing right now for the warm water fisherman," inquired Governor Duff.

Immediately following the conference, Commissioner French called upon Admiral Milo F. Draemel, Secretary of Pennsylvania's Department of Forests and Waters and discussed with him the possibility of leasing approximately 80 acres of the refuge area of the Pymatuning Reservoir in Crawford County. Admiral Draemel himself an ardent conservationist, recognized the valuable service he could render the fishermen of Pennsylvania Fish commission.

The entire refuge area of the Pymatuning Lake embraces 2,500 acres, from which area the Fish Commission now harvests annually a large crop of fish. In reporting to the Governor, Mr. French said, "When this new project is finished we expect to produce a Pymatuning, a greater tonnage of warm water fish each year than the combined production of all the present hatcheries in the State."

The engineers of the Fish Commission proceeded to develop what will become the largest fish farm of its kind anywhere. Since that time extensive construction has taken material form as evidenced by the accompanying photographs. Commissioner French recently reported to Governor Duff, who very enthusiastically approved the fine progress on this mammoth project stating that he would keep in close personal touch with the work until it is finally completed.

WARRIORS RUN ROUGH-SHOD OVER FALLSINGTON FIVE

TRENTON, N. J., Feb. 4.—The Bristol High Warriors continued to run roughshod over their Lower Bucks County League opponents as they tore the cords for 26 field goals in swamping the Fallington Falcons, 61-31, last night on the Parker School floor.

Of the twenty-six double-deckers made by the winners, 22 were credited to that pair of high-scoring Warriors, "Jim" Sottile and "Johnny" Pindar. Playing a guard post, Pindar scored 13 fielders and made three fouls for 29 points while Sottile had 9 twin-counters and also tabulated a duo of free shots for 29 points.

Not only did the Bristol team rack up a large score but the defensive work stood out prominently, especially Val Bielecki. Bielecki shut out LeRoy Lynch, one of the high scorers of the league, in the first half. In the entire fracas, Lynch had 10 points, six coming in the final quarter.

It was the sixth straight Lower Bucks triumph for Coach Jerry Bloom's minions whose record shows twelve wins and three defeats.

TRENTON, N. J., Feb. 4.—The Bristol High Warriors continued to run roughshod over their Lower Bucks County League opponents as they tore the cords for 26 field goals in swamping the Fallsington Falcons, 61-31 last night on the Parker School floor.

Of the twenty-six double-deckers made by the winners, 22 were credited to that pair of high-scoring Warriors, "Jim" Sottile and "Johnny" Pindar. Playing a guard post, Pindar scored 13 fielders and made three fouls for 29 points while Sottile had 9 twin-counters and also tabulated a duo of free shots for 29 points.

Not only did the Bristol team rack up a large score but the defensive work stood out prominently, especially Val Bielecki. Bielecki shut out LeRoy Lynch, one of the high scorers of the league, in the first half. In the entire fracas, Lynch had 16 points, six coming in the final quarter.

It was the sixth straight Lower Bucks triumph for Coach Jerry Bloom's minions whose record shows twelve wins and three defeats.
